REMARKS

Applicants respectfully request that the amendments above be entered prior to substantive examination of the utility application filed herewith. These amendments are made to clarify the specification as provided in the utility application filed herewith and are supported by the specification as filed provisionally on August 18, 2000. The utility application filed herewith represents the conversion of the current case from provisional filing status to utility status and entrance into substantive prosecution. It is Applicant's belief that the specification as originally filed provisionally fully supports both the claims as provided in the utility application as well as the amendments made herein. According to recent practice annexed hereto are clean sheets of the changes made.
